

Arst Avocats becomes member of ALIANT®

Arst Avocats is delighted to announce its membership in Aliant®, an international law firm which regroups law firms around the world in order to provide cross-border legal services to clients

As from 7 August 2020, Arst Avocats has officially become a member of Aliant® and will be its member firm in France.

As more often required by local and international clients to provide cross-border services in and outside the European Union, Arst Avocats was due to enter into a new dimension and chose to join a structured, efficient and worldwide network of reputed local business firms, namely Aliant®.

Joining Aliant® will also mean becoming part of a large family of lawyers, all having extensive local knowledge and connections, as well as the experience in structuring all types of cross-border legal deals.

The membership in Aliant® will allow Arst Avocats to provide clients with stronger and more reliable services.

About Arst Avocats

Arst Avocats is a French business law firm providing corporate clients ranging from mid-sized to listed companies, whether located in France or abroad, with legal services in both transactional and litigation matters.
